## **Thor Project Transport: Your Bridge Between Europe and Central Asia**

**Thor Project Transport is an Istanbul-based project logistics company specializing in connecting Europe and Central Asia.**

**We focus on project cargo and transit traffic, offering comprehensive transportation solutions for all types of cargo.**

### **Our Services Include:**

#### **Road Transport:**

**We have a broad network of reliable partners in Europe and Central Asia to transport your goods safely and on time by road.**

#### **Air Freight:**

**For urgent shipments, we offer fast and efficient air freight solutions to get your goods to their destination in the shortest possible time.**

#### **Sea Freight**

**For large and heavy cargo, sea freight is often the most economical option. We organize the transport of your goods across the world's oceans and ensure smooth handling.**
